

"SHAKE YOUR MAILBOX"

- "Shake Your Mailbox" is an activity designed to get homeowners involved in proactive mailbox maintenance.
- Road agencies recognize damage to mailboxes is inconvenient to residents, and want to minimize frustrations by encouraging preventative maintenance in the fall.
- Road agencies are not responsible for mailbox damage caused by snow thrown when clearing the roadway.
- Residents should prepare mailboxes for winter by tightening screws and ensuring the post and box itself are secure enough to endure large amounts of thrown snow.
- If the mailbox or post moves when shaken, perhaps the box or post should be repaired or replaced before winter.
